TREATY RATIFIED.

The Behring Sea Differences to Be Arbitrated.

IT IS SETTLED BY THE SENATE.

Not a Single Vote Recorded Against the Measure. It Passing Unanimously—The President Informed of the Ratification. Provisions of the Treaty as Signed and Ratified.

WASHINGTON, March 30.—The treaty convention, providing for arbitration in the settlement of the differences between Great Britain and the United States over the jurisdiction of Behring sea, was ratified by the senate yesterday afternoon by a unanimous vote. The secret session, which resulted in the ratification, lasted two hours—from 2 to 4 o'clock—and was of the quiet, conservative character that marked Monday's secret proceedings. Its detail is of little interest in view of the ratification.

Shortly after the doors were closed, a call of the senate was ordered and an unusually large number of senators answered to their names, the number being increased to seventy-two when the vote on the treaty was taken. There was some general discussion concerning the perfection of the treaty, and Mr. Sherman announced that the propositions made by some senators at previous sessions that the arbitration proceedings should be conducted in English had met with a favorable response from Lord Salisbury. The treaty does not stipulate the language in which the proceedings shall be conducted. Mr. Sherman said that the suggestion that they be conducted in English had been communicated to Sir Julian Pauncefote, the British minister, who replied that he had no objection, but preferred to communicate with his own government before agreeing to it. This he did, and Lord Salisbury approved. After Mr. Sherman made his statement, the treaty was amended so that English should be the language used in the conduct of the proceedings.

There was also some discussion over Article 9 of the treaty, which provides that "the decision of the tribunal shall, if possible, be made within three months from the close of the argument on both sides."

Several senators thought the time allowed the arbitrators for decisions should be longer, and as there was no objection to this, the time was extended to four months.

After a discussion over these points and some others of minor importance the treaty was unanimously ratified (without further change and without the passage of any resolution) by an aye and nay vote and resolutions informing the president of its ratification, and removing the injunction of secrecy from the vote were adopted.

Nominations Confirmed.

When the treaty had been disposed of the nomination of John H. Baker, of Indiana, to be United States district judge for Indiana, in place of Judge Woods, against whose confirmation such a bitter fight was made by Democratic senators, was taken up and confirmed. Mr. Baker's nomination was called up Monday, but went over until yesterday under objection. The senate also confirmed the nomination of Milo A. Jewett, consul at Sivas, Turkey, and D. T. Hindman, of Britton, S. D., agent for the Indians at the Sisseton agency, South Dakota.

No reference was made during the session to the resolution providing for the removal of Executive Clerk Young.

Provisions of the Treaty.

The Behring sea arbitration treaty or convention was signed in Washington on Feb. 29 by James G. Blaine, on the part of the United States, and Julian Pauncefote, on the part of Great Britain. It was sent to the senate in confidence on the 8th inst.

The treaty provides that the Behring sea controversy shall be submitted to a tribunal of arbitration, to be composed of seven arbitrators, the president of the United States and her Britannic majesty to name two each, and the president of France, the King of Italy, and the King of Norway and Sweden to name one each. The arbitrators are to be distinguished jurists in their respective countries, and the treaty provides that they shall meet in Paris within twenty days after the delivery of the counter-case, or what might be called evidence in rebuttal.

The printed case of the two parties, accompanied by documents, official correspondence and other evidence is to be delivered in duplicate to each arbitrator and to the agents of each high contracting party, as soon as possible, after the appointment of the tribunal, but within a period not exceeding three months from the exchange of the ratification of the treaty. Within the next three months, unless more time is required, the counter cases are to be delivered.

The arbitrators are commissioned to "proceed impartially and carefully to examine and decide the questions that have been or shall be laid before them."

All questions considered by the tribunal, including the final decision, are to be determined by a majority of the arbitrators.

Questions to Arbitrate.

Five questions are to be submitted to the arbitrators. These are:

First—What exclusive jurisdiction in the sea known as the Behring sea, and what exclusive rights in the seal fisheries therein did Russia assert and exercise prior and up to the time of the cession of Alaska to the United States?

Second—How far were these claims of jurisdiction as to the seal fisheries recognized and conceded by Great Britain?

Third—Was the body of water now known as the Behring sea included in the phrase "Pacific ocean," as used in the treaty of 1825 between Great Britain

and Russia; and what rights, if any, in the Behring sea were held and exclusively exercised by Russia after said treaty?

Fourth—Did not all the rights of Russia as to jurisdiction, and as to the seal fisheries in Behring sea, east of the water boundary, in the treaty between the United States and Russia of the 30th of March, 1867, pass unimpaired to the United States under that treaty?

Fifth—Has the United States any right, and if so, what right of protection or property in the fur-seals frequenting the islands of the United States in Behring sea when such seals are found outside the ordinary three-mile limit?

If the arbitrators decide that the concurrence of Great Britain is necessary to the establishment of regulations for the protection and preservation of the fur-seal in Behring sea, the arbitrators shall then determine what concurrent regulations outside the jurisdictional limits of the respective governments are necessary, and over what waters such regulations should extend.

The high contracting parties also agree to co-operate in securing the adhesion of other powers to such regulations. The question of the liability of either government for damages is to be subject to further negotiation, although the arbitrators may decide on questions of fact involved.

The treaty also provides for the appointment of two commissioners by each of the high contracting parties to investigate and report facts having relation to seal life and measures necessary for its preservation. The decision is to be made within four months after the close of argument on both sides, and it is to be final.

The exchange of the ratification of the treaty is to be made either at Washington or at London within six months from its date (Feb. 29) or earlier, if possible.

HOUSE PROCEEDINGS.

A Day Devoted to the Debate on the Tariff Question.

WASHINGTON, March 30.—Owing to the action on the silver bill yesterday, which relegated it to the house calendar, the attendance yesterday was small, and an expected red letter day in the annals of legislation was thereby lost; the house devoting its time to the tariff debate.

A letter was read from Mr. Mills, of Texas, stating that he had transmitted his resignation as a member of congress to the governor of Texas, to take effect at once.

Bills were passed for the relief of Daniel McClure, and to establish a port of delivery at Des Moines.

Mr. Campbell, of New York, made a personal explanation of his absence last Thursday when a vote was taken upon the silver bill. He stated that he was ill in New York and was moreover paired with Mr. Boatner, of Louisiana, on the silver bill. Had he been here he would have voted against the measure. Newspapers in New York had insinuated that he had been derelict in his duty. He emphatically denied this and said that he had endeavored during a long public career to discharge his official duties, honestly, fairly and fully, and the insinuation that he was purposely absent or was neglecting the interests of the government was false.

The house then went into a committee of the whole on the tariff bill.

ALL FOR \$7.60.

One Man Dying and Another Liable to Have the Hydrophobia.

CORISCANA, Tex., March 30.—Early yesterday morning Deputy Sheriff Absher called on Dick Baker, who lives near Drane, and presented for collection a note of \$7.60. An altercation led to blows, Baker being the assailant. With two blows he fractured Absher's skull and broke his left hand, whereupon Absher drew a revolver and shot Baker twice, hitting him in the left shoulder and groin.

The men then grappled, when Mrs. Baker ran out of the house, released her husband from the sheriff's hold, and set two dogs on him. The dogs lacerated Absher terribly, biting large pieces of flesh from both hips and the left leg. His condition was such that he had to be brought to the city, and after the wounds had been canterized and dressed he became delirious and had to be removed to his home. It is feared that hydrophobia will result. Baker is dying.

IN MEMORY OF GENERAL SHERMAN.

Memorial Services Held Under the Auspices of the New York Legislature.

New York, March 30.—The memorial services in honor of the late General William T. Sherman, under the auspices of the legislature of the state of New York, were held in Harnanous Bleeker hall in this city last night in the presence of 3,000 persons. They were grand, solemn and impressive, and were a just and glowing tribute to the memory of the illustrious general.

Chauncey M. Depew was the orator of the evening. General Sherman introduced Mr. Depew. Mr. Depew's remarks were interspersed with round after round of applause.

The exercises also embodied vocal and instrumental selections and culminated with the singing of "Marching Through Georgia" by the audience, accompanied by the orchestra.

A Church of Five Members.

BRAZIL, Ind., March 30.—Rev. Mr. Winters, of the Evangelical association, surprised his congregation Sunday by expelling all but five members. He put the following declaration to the congregation: "All who accept the Indianapolis conference as the legal conference, rise to their feet." In the surprise, only five arose, and the minister promptly expelled all the rest, about thirty-five in number. He explained to all that an ordinance to that effect had been passed at Indianapolis in October, 1891, and he was compelled to take the step.

BLAND'S SILVER BILL

No Hope of It Ever Passing Congress.

KILLED BY THE SPEAKER, CRISP.

Mr. Bland Has Given Up All Hope For the Measure and Will Have Nothing More to Do With It—Short Interview With the Author of the Measure on Its Future Prospects.

WASHINGTON, March 30.—Mr. Bland has given up all hope of passing the free silver bill. He says he cannot now fulfill the requirement of the speaker in order to get a cloture rule reported, and he is done with the whole matter.

R. F. BLAND.

Mr. Bland says further: "As soon as I heard that the speaker had come to this determination I went to him. The speaker told me that it was true, that there would be no cloture resolution unless a majority petition came to him. I told him that I could hardly believe it. We had some further conversation on the point, but nothing was said in heat."

"Why were you so surprised when you heard of the speaker's decision?" was asked.

"For a very simple reason," replied Bland. "When on last Thursday night, or rather early Friday morning, I moved that the house adjourn, it was with a distinct understanding that a cloture resolution would be brought in on Monday, and that understanding was had with the speaker himself by myself. Of course I was surprised when I learned that it was not to be carried out."

"Do you think that the bill is dead?"

"For a time, at least—I presume for the session."

"How would it be possible to get it through the house this session?"

"There is no possible way of doing so with the speaker against us. He knows that we could not get a majority of the Democrats to petition for a cloture resolution. He knows that he has a sufficient number of friends who would refuse to sign such a petition to make it impossible to secure the necessary majority. Well, I might as well confess it. The bill is dead as far as this congress is concerned. It has been killed by the speaker and his friends. I do not care to discuss the probable effect that the death of the bill will have upon the political future of the Democratic party. It will be disastrous."

SILVER IN THE SENATE.

Prospects of a Free Coinage Measure in That Body.

WASHINGTON, March 30.—Interest in the silver question was transferred from the house to the senate yesterday by the announcement by Senator Stewart that he would call up his free coinage bill on Monday next, immediately after the morning business. The bill is now on the calendar as "passed over without prejudice," so it may be taken up at any time. But it has an adverse report of the finance committee against it and Rule 8, under which it comes, restricts debate on it to five minutes for each senator, and no senator is allowed to speak more than once on any motion.

Under the order, debate must close at 2 o'clock, when the unfinished business of the day comes before the senate. Therefore, in order to get the bill before the senate for extended discussion, a majority vote will be necessary and there the test will come. A canvass of the senate made by Mr. Vest and confirmed by Mr. Carlisle shows that thirty-four Republicans and ten Democrats will vote against free silver. There are eighty-eight members of the senate and, if the estimate is correct, the opposing vote will be even, thus throwing the deciding vote on Vice President Morton, who will vote against free silver, and thus kill the bill.

The importance of Mr. Gorman's vote, which is on the doubtful list, is apparent. He will have the real deciding vote.

MEXICAN BANDITS.

Six of Them Shot Down While Attempting to Wreck a Train.

GUANAJUATO, Mex., March 30.—A few days ago six bandits were discovered by a detachment of the rural guard near Leon, taking up the track of the Mexican Central railway, for the purpose of derailing the express train, that would soon be due, with the view to robbery. The guards fired upon the bandits, killing every one of them.

This stopped the depredations of the other members of this band until Sunday, when five of them rode into the town of Pedrito and held up a number of citizens on the street at midday, securing a considerable amount of money. One man resisted and was fatally shot by the bandits. They then coolly rode out of town. The band is under the leadership of Guan Piento.

KIDNAPED AND MARRIED.

A Remarkable Experience of a Thirteen-Year-Old Girl.

SAVANNAH, March 30.—Constable Hastedt has just reached here with Ella Moore, a pretty and well developed thirteen-year-old girl, who was kidnaped on March 4. She was sent on an errand to a woman's house by a woman with whom she was scarcely acquainted. There she was locked up in a room, her hair cut off and her clothing changed. After a couple of days she was taken to a house in the suburbs where another woman lived.

Percy Sibley, a young and well known man, called on her there, and one night took her out to a lane where a man was awaiting them. Sibley produced a marriage license properly issued and the man read what purported to be a marriage ceremony. Then Sibley took the child to Bryan county and concealed her in a negro's hut until a detective ran her down. The police are now hunting Sibley. The girl's tale is a remarkable one but is thoroughly substantiated.

IMPOSING AFFAIRS.

One of the Largest Funerals Ever Held in Northern Indiana.

ELKHART, Ind., March 30.—The funeral of the late Rev. H. M. Lampport and Henry Boles, who were killed at Osceola on Saturday by the cars on the Lake Shore and Michigan Southern railroad, took place yesterday afternoon at the Methodist church at Mishawaka, and was one of the largest ever held in the northern part of the state.

There were special trains from Garrett, Auburn and Kendallville, where Rev. Mr. Lampport had been located as pastor in former years. The funeral was in charge of the ministers, and the services were conducted by Rev. Mr. Woolpert, the presiding elder of this district. A large number of Odd Fellows, of which order Rev. Mr. Lampport was a member, attended.

We Don't Want Him.

MONTREAL, March 30.—A number of Montreal people have been swindled by a sharper who has for some time been living on their credulity, believing his statement that he was the scion of a noble Austrian family. A titled Austrian lady, who is married to a Montreal doctor, exposed the spurious count, as he called himself, and the fellow promptly disappeared. The "count" is an Englishman, and gave the name of Henry Belmont. It is thought he has gone to the United States.

Caught on a Curve.

CIRCLEVILLE, O., March 30.—At 7:30 Tuesday morning the yard engine on the Norfolk and Western railroad, while rounding a sharp curve, ran into a hand car, seriously injuring Fred Schneider, section boss, and painfully injuring John Myers and Ed Throne. Schneider may die.

Fatally Bent His Wife.

CONNERSVILLE, Ind., March 30.—Stephen A. Burk, a farmer, while temporarily insane, bent his wife in a terrible manner over the head with a stick of wood Tuesday morning. He imagined that he would be sent to the penitentiary. She will probably die.

Cut the Dam.

ANNA, Ills., March 30.—Saturday night a mob of thirty masked and armed men overpowered the watchman at a dam on the Goodman ditch, ten miles north of here, and succeeded in cutting the dam, which will cause the overflow of farming lands.

Died From Eating Hall.

SCOTTSBURG, Ind., March 30.—Miss Della Chitwood, of this place, died last evening. She was aged twenty. Last Saturday she ate freely of hail, which had fallen during the storm, and this is supposed to have been the cause of death.

Eyesight Destroyed.

TIFFIN, O., March 30.—The point of the leaf of a palm plant entered the eye of Mrs. J. A. Norton, wife of Railroad Commissioner Norton, at her home, in this city yesterday, puncturing the ball and, it is feared, destroying its sight.

Hustling Work on the Fair Buildings.

CHICAGO, March 30.—Night work was begun at Jackson park Monday night on the electricity building and from now on this double force of men will be employed, so that building operations shall not be delayed.

Both Dead When Found.

RICHMOND, Mich., March 30.—Abraham Cooley, a farmer, living one and a half miles west of here, yesterday cut his wife's throat from ear to ear with a razor and then committed suicide by drawing the blade across his own throat. Both were dead when discovered a short time after the tragedy. Cooley had showed some signs of mental depression for some days. Cooley was a wealthy man and had a good farm and other property. He was about sixty years of age and his wife about fifty.

Horse Thief Confesses.

SCOTTSBURG, Ind., March 30.—Two months ago Tevis Jennings stole a horse from Frank Hollenbeck. He was arrested at Louisville, and, after being placed in jail here, he effected his escape. A second time he was captured. Yesterday, on a plea of guilty, he was sentenced to four years' imprisonment, and was removed to Jeffersonville at once.

WEATHER INDICATIONS.

Rain, probably followed by clear weather, probably fair Thursday, winds shifting to west, cooler Wednesday night, probably severe local storms.

HERE'S a grain of comfort for Senator Hill and his admirers. The delegation from Polk County, Ga., are for him.

BATH COUNTY REPUBLICANS have caught the epidemic prevailing in the ranks of the G. O. P. of Kentucky, and the convention at Owingsville Monday resulted in a wrangle, a split, and then the better element finally left the house in disgust. The quarrel was over instructions for district delegate. One faction wanted to instruct for Dr. Logan only, and the other crowd wanted to endorse Major Burchett. Pandemonium prevailed for a while, and finally there was a split and two conventions were held—one by the Logan crowd and the other by the Burchett faction. And so the thing goes. When Kentucky Republicans fall out they fight each other worse than they do the Democrats.

Dick Elliott in Trouble.

The many Maysville friends of Col. R. G. Elliott of Lexington will regret to learn that he is in trouble. Uncle Sam is after him, and wants him to explain a charge of using the mail for unlawful purposes. The Transcript says: "It seems that Elliott wrote a postal card to E. R. Oder, the insurance man of Cynthiana, and informed him that if he did not pay his rent he would put him out of his house. Oder rents from Elliott and was out of the city at the time his rent fell due and Mrs. Oder was visiting her father in Cynthiana and received the postal and gave it to her husband a few days afterwards, and he felt outraged and reported the case to the U. S. Commissioner at Frankfort and a warrant was issued at once. Oder had always paid his rent in advance and was only a few days behind." Elliott is always playing a joke on some of his friends and it may turn out that some of them attempted to turn the tables on him. It looks like he is going to have more trouble, however, than the Maysville Oddfellows gave him last fall.

The action was taken in order to have a small sum of money left by Silvey distributed among his heirs.

J. M. Alexander resigned as Overseer of Roads in district No. 13, Lewisburg precinct, and James Brady was appointed in his place.

A CHANGED LIFE.

Tom Ballard, the Expert Sign Painter, Tells How He Was Cured of the Liquor Habit.

LEXINGTON, KY., March 26, 1892.

To the Public: I am a well-known palmer in this city and desire to make a frank statement to all of my friends. The unquenchable thirst I had for whisky has left me, after three weeks treatment at the Houston Cure Institute, at Lexington. No language can tell what I have suffered from strong drink. I was called the best sign painter in the city, but I kept drunk so constantly that I would do but little work, and when I did make a little money it all went for drink. It was impossible for me to pass a saloon with money in my pocket, but, thanks to some friends, I was induced to try the Houston Cure, and now can frankly say I have no more taste or desire for whisky or beer than I had before I ever used them. I had but little faith that my weakness could ever be cured, but now I believe, after my experience with the Houston treatment, that there is no case too bad to be cured by this great discovery. Yours truly, THOMAS BALLARD, 171 Jefferson Street.

SEPARATE COACHES.

The Bill Requiring Them in Kentucky Now Under Discussion.

The House Adopts a Resolution to Investigate That Georgetown Scandal.

The State Senate yesterday took up the McCain Tobacco bill sent back to them by the House with an amendment providing for an open market for bidders. By a vote of twenty-one to seven the Senate refused to concur in the amendment.

The Separate Coach bill was next brought up before the largest crowd that has yet been seen in the Senate lobby. Senator Mulligan spoke against the bill, and was followed by Senator Newman, who denominated it a farce bill. Senator Newman eulogized the negro, and the faithful servant he has been. He thought the bill did not represent the sober judgment of the people of the State. Senator McCain spoke for the bill.

Senator George, of Graves, also championed the bill, arguing that provisions have already been made for separate schools, separate churches, and that it was going but little farther, and in the right direction, for separate railroad coaches.

Senator Clark, an old-fashioned Democrat, said he favored the bill. In after years he wanted his record so that his descendants might know that he was opposed to placing negroes upon an equality with whites. It was necessary to the protection of passengers, and did no injustice to the colored people.

Senator Board, of Scott County, spoke for it, making arguments in the same line.

A vote on the measure had not been reached at last accounts.

In the House Tuesday, Representative Shouse, of Woodford, offered the following:

WHEREAS, Scandalous reports have been published in the Louisville Courier-Journal, and other papers, affecting the moral standing of a member of this Legislature; therefore be it

Resolved, That a committee of five members be appointed by the Speaker of the House to investigate said charges and report the facts to the House.

The resolution was adopted. Last Friday Representative McNerny, of Ludlow, and Geo. W. Curtis, stenographer of the Revisory Commission, took a couple of women to Georgetown, where the quarrel put up at one of the hotels as "John Bartman and wife" and "R. B. Wilson and wife." Bartman and Wilson are members of the House, and the affair created a big sensation when it leaked out. The Revisory Commission discharged Curtis Tuesday, and McNerny will likely be expelled. Curtis has been drawing a salary of \$10 a day.

An act was introduced Tuesday, to provide for the establishment of police courts in this State, and define the jurisdiction thereof.

Mr. Tate offered an act to amend the General Statutes, and to provide punishment by fine and imprisonment of a person for discharging fire-arms at or near any church or school-house.

Mr. Sharpe introduced an act to prohibit the poisoning of growing tobacco. Mr. Dickson proposed a joint resolution for the appointment of a committee of members from the House and Senate to inquire into the subject of free turnpikes and gravel roads.

Mrs. Julia Bobo, of Salt Lake City, Utah, en route to visit her old home and friends of Poplar Flat, stopped and spent a few days last week with Mr. and Mrs. J. Kelley Carr.

The protracted meeting has closed with thirty-one additions to the Christian Church. Elder Rogers, a man seventy-three years of age, immersed twelve persons Wednesday, last week, at 10:30 a. m.

Will Hughes, a mere boy in appearance, and Minnie Harry, fifteen years old and very small for that age, both of Covadale, this county, passed through here Thursday evening en route for Aberdeen, where they were married.

One day last week James Tolle and Miss Adair, of anywhere or nowhere, came into town and asked Rev. J. G. Hill to marry them, which he refused to do. Nothing daunted by his refusal they betook themselves to Elder Wood's residence and he tied the nuptial knot, after which they went on their way rejoicing.

A few days ago as Misses Maude Burns and Minnie Harry were going out to Covadale a bolt that held the shafts to the vehicle dropped out, and being on a down grade the wagon ran upon the animal's heels, frightening him and he started to run. Miss Maude, the driver, pulled him into the fence, but in doing so the wagon upset and caught both its occupants under it, where they lay pinned down completely, until some men, who saw the accident, came to the rescue and lifted the wagon off. Fortunately, neither of the girls was hurt much.

IN THE LAW'S CLUTCHES.

The Editor of the Blue Grass Blade Arrested for Criminal Libel.

C. C. Moore, editor of the Blue Grass Blade, was jailed yesterday at Paris to answer a charge of malicious libel. The warrant was sworn out by James K. Ford, a deacon of the Christian Church of Paris. Mr. Ford in his affidavit charges that Moore did "unlawfully, falsely and maliciously publish of and concerning J. S. Sweeney and the certain religious congregation and society known as the Christian Church of Paris, Ky., composed of divers persons, citizens and residents of the said county of Bourbon, the certain statement and charge in language as follows: 'That shebang called the Christian Church of Paris (meaning thereby the certain congregation or religious society known as the Christian Church of Paris, Ky.,) is run by a Republican preacher (meaning thereby said J. S. Sweeney) in cahoot with a lot of whisky makers, sellers and drinkers, that never would have been heard of in the world except for the riches that have accumulated from money more illy gotten than that of Judas Iscariot or Dives in hell,' which said statement and charge was, when so published by said Moore, and is false and malicious, and was so published by said Moore with the intention and for the purpose of bringing the said J. S. Sweeney and the said society or congregation and the members thereof into contempt and disgrace, and to lessen the respect and esteem of the public for said J. S. Sweeney and the said congregation and its members."

Moore was allowed bail in the sum of \$600, but preferred to go to jail. The Kentuckian says: "The citizens of Paris, and especially those members of the Christian Church, have long submitted to his insults, hoping that each issue of his paper would be his last. They soon arrived at a point where forbearance ceased to be a virtue. They owed it to themselves, to their families and to Christianity to prove the charges false." William Remington, Bush Hart, George Judy and Frank Lowry, who were recently indicted for detaining Moore at Springvale to make him divulge the name of the author of certain articles, were arrested by Sheriff Ford Monday, and gave bond. The aggregate wealth of their bondsmen is said to be \$4,500,000, and includes Bourbon's best citizens.

MESSRS. THOMPSON & MCATEE have received the first car-load of their celebrated Monarch Guano for tobacco. The Monarch Guano has been used by the farmers of this and adjoining counties for several years past with gratifying results. The many testimonials which the firm hold are sufficient proof of the superiority of this fertilizer for tobacco. It is this season put up in barrels, thereby avoiding any wastage. If you intend using fertilizer on your tobacco get the Monarch Guano, as it is just what your soil requires to grow a choice article of the weed that will bring the highest market price.

RARELY has the community enjoyed such a musical treat as was presented last evening in the organ recital at the Central Presbyterian Church. Professor Sterling is a "master" of the organ; possessing a thorough appreciation and comprehension of the capability and possibility of this (considered by many) the grandest and most sublime of all instruments of music. A most generous programme was presented, and notable among Professor Sterling's numbers were the Marche Funebre, by Chopin; Andante from Beethoven, fifth symphony; Wedding Music from Lohengrin. There were other choice selections. Miss Gertrude Thomas is a distinguished pupil of the College of Music of Cincinnati, and was awarded a year or so ago the "Reuben Springer Medal" for her excellent scholarship in the vocal department of the college. She is endowed with a voice of rare power and compass, and does credit to her careful training and her own perseverance in her studies. Her singing of Schubert's Serenade received a well deserved and earnest encore. A large and interested audience manifested very judiciously their appreciation of this enjoyable entertainment.

ALLEGED FRAUDS.

Attorney General Hendrick Investigating Charges Against a Late Official of Robertson.

A special from Frankfort says: "Attorney General Hendrick, having been officially notified of alleged fraudulent practices on the part of John W. Gudgel, former County Superintendent of Anderson County, and Dr. D. P. Linville, Superintendent of Public Schools in Robertson County, has appointed an agent in each county to investigate those charges and report to him the result. If the facts justify he will institute proceedings against both in the Franklin Circuit Court.

"It will be remembered that Mr. Gudgel is charged with having reported more pupils from his county than it contained and that he drew pay from the State for the number reported and paid the teachers for the actual number, pocketing the difference. His fraudulent transactions are estimated to have returned him all the way from a few hundred dollars up into the thousands. It is said that when he made the race for Superintendent he agreed to work for less than was usually paid Superintendents, and that he must have had his plans laid and well matured in advance.

"Substantially the same charge is made against Dr. Linville, except that it is claimed his frauds were confined to the ignorant negro teachers, part of whose pay he retained."

Here and There.

Mr. Thomas Ort, of Concord, was in town yesterday on business.

John Orr has returned from a week's visit among friends in Maysville.—Portsmouth Blade.

Dr. L. H. York, of Fort Gay, West Va., and McClelland Kirk, of Peach Orchard, Ky., are in the city and will be initiated into the mysteries of the order of Knighthood, by Maysville Commandery No. 10, K. T.

Mr. Guff Wellman and Dr. J. W. Kincaid, of Catlettsburg, Rev. J. F. Rice and Captain Frank Frazee, of Louisa, Mr. J. K. Dunbar of Manchester, and Mr. Geo. P. Tyler, of Dayton, Ohio, are in town attending the meetings of Maysville Commandery No. 10, K. T.

Mr Hechinger Painfully Injured.

Mr. D. Hechinger of the Oddfellows' Hall Clothing House received painful injuries in an accident last night about 8:30 o'clock. He and Mr. Harry Wood were coming in from Flemingsburg. As they reached the corner of Third and Plum streets an electric car was approaching, and the horse was urged a little in order to get on the north side of the track. The animal gave a sudden lunge, and overturned the buggy, throwing Mr. Hechinger violently against the curbing. He received painful injuries to one of his shoulders and his back, and was bruised up considerably. He was carried to his home and will likely be disabled several days.

Mr. Wood fortunately escaped unharned. The top of the buggy was torn off and the vehicle was otherwise damaged.

DIED, this morning at 7:30 o'clock, at the home of his mother on Forest avenue, Mr. Myron L. Chappell, aged about eighteen years. Deceased had been ill about one week, from pneumonia. He was a son of the late Charles Chappel of Lewisburg, and the remains will be taken there for burial. The funeral will take place at the Lewisburg Baptist Church Friday morning at 10 o'clock. Rev. J. W. Loving will conduct the services. Deceased was a bright young man, esteemed by his many acquaintances.

ELLA WILSON, colored, attracted a good deal of attention yesterday at noon by walking down Second street with a pistol in her right hand. It turned out that she was on the warpath. She was searching for Eliza Berry, and found her at the corner of Maddox avenue and Third. Eliza had a bucket and Ella ordered her to drop it. Eliza refused. Up went the pistol and down went the bucket. Eliza is the wife of Chip Fields, but the two haven't been living together for some time. Fields has been living at the Wilson woman's home, and the bucket contained a dinner she had sent him. Eliza had intercepted the carrier and captured the grub, hence the trouble. Captain Hefflin afterwards took the gun away from Ella, and she will be arrested on a charge of breach of the peace.

FRENCH ANARCHISTS

Hundreds of Them Flocking Into London.

DYNAMITE OUTRAGES FEARED.

The Police Carefully Watching Every Movement of the Unwelcome Visitors and the Custom House Officials Are Instructed to Thoroughly Examine All Goods Passing Through Their Hands. Other Foreign News.

LONDON, March 30.—The police here have been ordered to watch carefully the anarchists who arrive here from the continent. In the last three weeks 200 of them are said to have come over from Paris and Zurich. Their presence has been noticed by the police at the socialist meeting on Sunday nights, and the attention of Home Secretary Matthews was called to the fact that it is apprehended that many of the 300 dynamite cartridges stolen from the Zoisy-zous-Etienne quarry in February have been brought over and stored here for future use.

Consequently the stringent regulations made after the attempt to blow up the parliamentary buildings have been revived and the custom house officials have been ordered to enforce them without exception or modification. All baggage will be examined thoroughly and immense inconvenience will result for all tourists in Europe this spring and summer.

Several Paris detectives have arrived here since Friday. It is said, with proof of the co-operation of the Paris and London anarchists. The socialists here deny that they know more than the general public about the perpetrators of the outrages, and say that no refugees have arrived from the continent. They say they do not countenance the methods of the Paris dynamiters.

Cardinal Manning's Successor.

LONDON, March 30.—It is officially announced that the Right Rev. Herbert Vaughan, bishop of Salford, has been appointed to the place of Cardinal Manning. The pope is said to be delighted with the appointment of Bishop Vaughan as the latter is in thorough sympathy with the pontiff's utterances on the labor question and is as famous in England for his philanthropy as was Cardinal Manning.

Dynamite Explosion in Paris.

PARIS, March 30.—There was a dynamite explosion late yesterday afternoon in the building of the Credit Lyonnais, one of the largest banking institutions of the city. The extent of the damage has not yet been learned. It is said that two persons were injured. Police are in charge of the building and refuse to let anybody approach. Two arrests have been made.

Slept Himself to Death.

BERLIN, March 30.—The miner Latos, who excited the wonder of German medical men, by sleeping for four months in the hospital at Myslowitz, last fall and winter, has died of the physical exhaustion resulting from insufficient nourishment during his unconsciousness.

An Italian Deficit.

ROME, March 30.—The expected deficiency for the fiscal year 1892-1893 will reach the sum of 65,000,000 lire (\$13,000,000). To provide for this there are proposed economies to the extent of 10,000,000 lire.

River Firemen to Strike.

ST. LOUIS, March 30.—The firemen on the river steamboats, except those employed on the Anchor line boats, have decided to go on a strike on Thursday next unless their demands are complied with. The firemen say their grievances are based on the fact that the owners of the boats employ non-union men in violation of the agreement entered into last summer. The firemen claim that the marine engineers, roustabouts and longshoremen will go out on Thursday, but these organizations deny that assertion, although it is known that they contemplate a strike.

Searching for a Murderer.

ENGLISH, Ind., March 30.—The Garland brothers, who are the brothers of the man killed on the 24th inst., near Bird's Eye, by William Ferguson, of Dubois county, are at the head of a posse of men armed with Winchester, and scouring that county in search of Ferguson. If caught, Ferguson will be lynched. Rumor has it that Garland and Ferguson had made threats and counter threats to whip each other, but this is hardly supposable on the part of Garland, who was just recovering from an attack of measles.

Freight Wreck.

CLEVELAND, March 30.—A freight wreck took place on the Lake Shore road near Erie, yesterday. General Superintendent Caniff, when asked concerning the seriousness of the wreck, said: "Nobody was hurt that I have heard of. One freight train ran into the rear end of another and caused a pretty bad smashup, the full particulars of which I have not learned. I know, however, that there is no truth in the report that anybody was killed."

Will Have a New Depot.

BEDFORD, Ind., March 30.—There was much rejoicing yesterday when it became definitely known that the Louisville, New Albany and Chicago Railway company would remove the old depot and build a new passenger station and freight depot near the junction. The old depot was built in 1852. The city outgrew it years ago. The Ohio and Mississippi railway, almost completed to this point, will push through at once.

Farmer Struck by Lightning.

CRAWFORDSVILLE, Ind., March 30.—Isaac W. Jones, a wealthy farmer, living six miles northwest of here, met with a serious disaster during the storm on Saturday. While driving home he was struck by lightning, and when he recovered consciousness he was under his wagon with several ribs broken. He managed to crawl to a house, a quarter of a mile away, where for a time his life was despaired of.

SECRETARY OF STATE RYAN

To Resign and Become Ohio's World's Fair Executive Commissioner.

COLUMBUS, March 30.—To the surprise of everybody the Ohio world's fair commissioners Tuesday elected Secretary of State Daniel J. Ryan as executive commissioner.

DANIEL J. RYAN.

He was sent for and said he would resign his present office and accept. He will ask the co-operation of the newspaper men and begin work immediately, sending out from the bureau advertising matter.

It will be agreed on all sides that no more accomplished and competent man could be secured. He is brilliant, a pusher and a man of fine executive ability, who has made a success in every position to which he has been called. Though a Republican, politics will not figure with him.

The salary of Mr. Ryan in his new position will be \$5,000 per year. Governor McKinley has appointed Colonel Poorman, of Belmont county, as Mr. Ryan's successor.

A BURGLAR'S FATE.

Body of a Man Found in a Cellar Badly Eaten by Rats.

STEUBENVILLE, O., March 30.—The badly decomposed body of a man was found by workmen in the cellar of the Manly building yesterday. The man was hanging by the neck between the second and third cellar steps. In his right hand was grasped a screw-driver, while his left held a large grain sack. Near his side was a ladder leading to the trap door which opened into the store above. The body was identified as that of Henry King, an ex-saloon keeper, and painter by trade. Portions of the body had been eaten away by rats.

The store over the cellar was lately occupied by Thomas Odert, who made an assignment March 20. It is conjectured that King had forced his way into the cellar through the front entrance to rob the store while it was temporarily closed. He was seen on Washington's birthday, when he was drinking heavily, and it is thought on that night he made the attempt at burglary and slipped off the ladder in his intoxicated condition and slowly strangled to death. He was formerly well-to-do, his parents being wealthy residents of Cincinnati, but his wife left him, since which time he has gone to the dogs.

BLOODY BATTLE EXPECTED.

Bloodhounds Closely Follow the Alabama Train Robbers.

BIRMINGHAM, Ala., March 30.—At midnight Monday night a watchman on the lookout at Boyle's, the scene of Sunday night's attempt to wreck and rob the Louisville and Nashville express, saw three suspicious men on horseback in the woods near by. On wiring the officials here, twenty armed men were sent up. A squad of five of them, who went down in a ravine to reconnoiter report that they were fired on ten times by three mounted men. The officers returned forty shots, when the horsemen fled. No one was hurt.

The trail of the robbers was struck by hounds again yesterday and followed over Red mountain. It develops that the robber gang is composed of two men and one woman, heavily armed and mounted. They passed through the outskirts of the city. If run down a bloody battle is expected.

Died from a Mad Dog Bite.

NEWPORT, Ark., March 30.—Twelve years ago Captain B. B. Connor, of Woodruff county, was bitten on the wrist by a dog afflicted with the rabies. The wound was slight and healed up in a few days. That was the last of it until last Thursday, when acute pain showed itself in the thumb of that hand. He complained soon after of a burning thirst, and requested his daughter to bring him a drink of fresh water. The sight of the water threw him into violent convulsions, nor could he bear the sight of any liquid until death put an end to his sufferings.

Sheriff Shot.

PINEVILLE, Ky., March 30.—Floyd Slusher, a deputy sheriff, was killed in Leslie county Saturday by the notorious Brown boys, who had a fight with sheriff officers about a month ago, in which two of their number were slightly wounded. Slusher had been sent by the sheriff to serve some papers on the Browns and got into a row and was shot and killed. There was bad feeling between the men any way. Slusher was a party to the Smith-Slusher feud, and it is more than probable that the famous feud will be reopened.

Shot Her Husband.

FINDLAY, O., March 30.—In a fit of jealousy Mrs. Caroline Kopp shot her husband three times in the left side and arm, inflicting injuries which may prove fatal. Mr. Kopp was keeping company with a fifteen-year-old girl, and his wife, finding the couple together, began her attack, shooting five times and hitting the object of her vengeance three times. All the parties belong to the lower world of life.

Bridge Burned.

BETHLEHEM, Pa., March 30.—The Delaware river bridge, at Point Pleasant, N. J., was destroyed by fire yesterday evening. Loss, \$25,000; insured. Origin unknown.
